EXPERIENCE

Bluestone Creative
Designer & Developer
Cincinnati OH
Jan 2011 – Present

As part of the creative team, I've worked on a variety of job types including brand development, web design and front-end web development, print design, social media strategy and visual development and a variety of other tasks within the digital platform.

Signal Interactive
Designer & Developer
Freelance
Feb 2015 – Jul 2016

I freelanced as the lead designer and developer at a small start-up design shop based out of Columbus, OH. I worked on a variety of jobs including brand development, web design and front-end web development and print design.

Empower MediaMarketing
Digital Design Intern
Cincinnati OH
Nov 2009 – Mar 2010

I worked as an intern assisting in web design, online social media and digital campaigns and interactive flash advertisements.

Terry Hines & Associates
Digital Design Intern
New York NY
Jun 2009 – Sep 2009

I was the primary in-house designer handling social media campaigns and web statics for Focus Features.

Crew Creative
Digital Design Intern
Los Angeles CA
Jan 2009 – Mar 2009

I assisted lead interactive designers with work including flash static ads, downloadable wallpaper artwork, blog design and layout and conceptual thinking.

Barefoot Proximity
Digital Design Intern
Cincinnati OH
Jun 2008 – Sep 2008

I worked as a member of the creative team on web design, flash advertisements and web splash page designs.
